ABOUT L.L. REID

L.L. Reid is a dark fantasy and romance author who loves crafting stories filled with dangerous magic, impossible choices, unforgettable characters, and love worth fighting for. Her novels blend fantasy adventure, emotional depth, and romance to create immersive worlds where every bargain has a price and every choice carries consequences.

When she's not writing, L.L. Reid can usually be found lost in a good book, dreaming up new worlds, or bringing her next story to life. She believes the best stories leave a lasting mark long after the final page and strives to create characters readers will laugh with, cry for, and never forget. Through tales of found family, forbidden love, powerful magic, and hard-won hope, L.L. Reid invites readers to step beyond the ordinary and into worlds where anything is possible.

AVAILABLE FOR INTERVIEWS & FEATURES

-  **Writing on the Darker Side of Romance**
Why I'm drawn to darker stories, complicated relationships, morally gray characters, and romances that aren't always safe or easy.
-  **Building Fantasy Worlds Around Romance**
Creating supernatural and fantasy worlds where the romance is part of the foundation of the story rather than something added afterward.
-  **Writing Characters Who Aren't Always Good People**
Exploring flawed characters, questionable choices, complicated motivations, and why readers can still fall in love with them.
-  **Where the Darkness Comes From**
How I approach darker themes while still making room for humor, vulnerability, intimacy, and emotional connection.
-  **Writing Across Dark Romance, Romantasy & Paranormal Romance**
Moving between different worlds and subgenres while keeping the same author voice and the relationship-driven storytelling readers expect from L.L. Reid.
-  **From Idea to Published Book**
The process behind developing a story, writing and revising it, working with an independent publisher, preparing for release, and building an author career beyond a single book.
-  **Building a Career One Book at a Time**
What it looks like to build multiple series, grow a readership, market independently, and create a long-term author brand rather than putting everything behind one release.
